

INTERNET HOME PAGE INFORMATION

“Hit the Spot” is our abbreviation for Health Information Tennessee - Statistical Profile of Tennessee, which is now on the Internet. The Community Development staff, the county health councils around the state, and the general public now have immediate access to voluminous health statistical information instantly on the Internet.

This Internet project grew out of a partnership between the Department of Health and the Community Health Research Group (CHRG) at UT-Knoxville. CHRG staff under the leadership of its Director, Dr. Sandra Putnam, and Mr. Don Broach have worked closely with the Department of Health’s Director of Assessment and Planning, Judy Dias, and Bill Wirsing to make this project a reality.

Another product which has grown from this fruitful partnership is the *Tennessee Health Status Report of 1997, Volume 1* which was published in paper form in September 1997. Volume 1 is a summary of the health status of Tennesseans in its many aspects and can be viewed on the Internet like turning the pages of a book, after downloading the free Acrobat Reader software which is included in the site.

Volume 2 is a very large database providing the actual statistical information, which was summarized in Volume 1. Volume 2 is available only on the Internet. Everyone is invited to visit and use the site.
